Absolute over-the-top fantasy crusader style cheese, and feels like its right at home for fans of dawn of war and Warhammer 40'000 stuff.. Have you ever lost hope in a game? Have you ever felt like you need a cheer up? Well, this announcer's incredible voicer: 1) gives you a lot of hype 2) cheers you up and 3) It's THE SCOOP ANNOUNCER! Whoever's a fan of the Scoop's incredible skin will be a fan of this announcer. I myself didn't believe I would ever buy an announcer, but this is totally worth the money.. Ever wanted to go on a Medieval-era crusade but can't because of annoying details like lack of time travel? Well,

this announcer is pretty much the closest thing, heaped with massive piles of vengeful cheese, it is both hilarious and very fitting for a Wraithlord Announcer.. Another fantastic job from Anthony Sardinha (Scoop's VA!) Also if you seen my Wraithlord Scoop skin review, you know I like the skin A LOT! Same goes for this, it's badass and I love using it.. I absolutely love the Wraithlord Scoop skin & Announcer. 10/10 seriously. It's awsome.. could use more cheese
